

Background

The EUROSAI Working Group on the Audit of Funds Allocated to Disasters and Catastrophes (hereafter – Working Group) was established at the IXth EUROSAI Congress in June 2014.

The establishment of the Working Group was preceded by three years activities (2006-2008) of the Special Subgroup on the Audit of Natural, Man-Caused Disasters Consequences and Radioactive Wastes Elimination within the EUROSAI Working Group on Environmental Auditing, as well as six-year activities (2008-2014) of the EUROSAI Task Force on the Audit of Funds Allocated to Disasters and Catastrophes.

The main achievements of the predecessors of the EUROSAI Working Group of the Audit of Funds Allocated to Disasters and Catastrophes were:

- conducting the international coordinated audits in the field on the most important areas of prevention and consequences elimination of disasters and catastrophes;
- development and maintenance of the database of the audits of natural and man-caused disasters and catastrophes in Europe;
- development and maintenance of the knowledge base on the prevention and consequences elimination of disasters;
- development and approval of the Good Practice Recommendations for the Audit of Funds Allocated to Disasters and Catastrophes;
- development of the Glossary of Terms on conduct audits in the field of prevention and consequences elimination of disasters and catastrophes;
- active cooperation with the EUROSAI and INTOSAI Working Groups in the field of auditing funds allocated to prevention and consequences elimination of disasters, particularly on the development of INTOSAI standards of series ISSAI 5500-5599.

Considering the achieved results, it became necessary to transform the Task Force into the EUROSAI Working Group on the Audit of Funds Allocated to Disasters and Catastrophes, and outlined further directions of its development and activities.

The working group's activity in 2015-2017 was based on the Strategy and Activity Plan for 2015-2017, approved by the members of the Working Group at the first meeting in February 2015 in Luxembourg.

During that period, within the activities of the Working Group two international audits were completed, three new international audits on the most important areas were launched, annual follow-up audit of the implementation of the recommendations of the International Co-ordinated Audit of the Chernobyl “Shelter” Fund had been continued, there were held three seminars on the implementation of Guidelines on Audit of Disaster-related Aid (ISSAI 5500-5599) in the SAIs’ activities, work on the preparation of the Good practice recommendations of the audits in the field of prevention and consequences elimination of floods had been started.

The achieved results indicate the successful beginning of the Working Group’s activity and have become the basis for the development of the strategic directions of the Working Group to 2020.
