Terms of Reference for the EUROSAI Project Group on “Quality management”

1. General provisions

1.1 Name of the Project Group: EUROSAI Project Group on Quality Management

1.2 Background and objective of the Project Group: The former EUROSAI Monitoring Committee for setting up and operating the electronic data base on good practices on audit quality (led by the SAI of Hungary\(^1\) between 2011-2017) successfully completed its mandate, the database has been set up on SAO’s website and updated regularly. The last update took place in 2019.

The State Audit Office of Hungary (SAO) has decided to go into more details concerning the issue of quality management, and in the framework of a project group wishes to conduct electronic surveys regarding four areas\(^2\), covering the topics of the ISSAI 40 standard:

- **GOVERNANCE** – how the organisation and its work is organised and managed,
- **AUDIT MATTERS** – how the organisation undertakes its audit work,
- **HUMAN RESOURCES** – how the organisation manages its main resource,
- **COMMUNICATION** – how the organisation establishes and manages internal and external communication.

The objective of the Project Group is to collect first-hand, up-to-date and comparable information on quality management and publish the results of the surveys in the form of summary booklets made available for the EUROSAI Community, thus sharing the knowledge and experience gained.

1.3 Link with EUROSAI Strategic Plan

1.3.1. Strategic Goal / portfolio to which is linked: Strategic Goal 1 (Supporting effective, innovative and relevant audits by promoting and brokering professional cooperation), Objective 1.3. (To facilitate the sharing of knowledge and experience within EUROSAI and with external stakeholders and partners).

1.3.2. No duplication or overlaps with other activities of the EUROSAI Strategic Plan

Presently no similar project group is operating within EUROSAI, on the other hand, this activity could ensure the continuity with the former Monitoring Committee’ mandate.
